

# The greentop™ COMMUNITY CIRCUS CENTRE

is a unique circus arts education centre in Sheffield. Established in the 1990's and one of the few professional circus schools in the UK, it provides training, rehearsal and creation space for a wide variety of artists, performers and companies.

**Come and train in Sheffield:** Greentop provides heavily subsidised open practice time for professional artists- a minimum of 40 hours open practice per week even during our busiest seasons. We encourage circus professionals to join us and train in our heated, insured, fully equipped centre from an incredible £1 per hour. Book your induction today, and join Sheffield's thriving circus community.

**Venue for touring shows:** The centre has a stage, full theatrical light and sound rig, and can seat an audience of 100-150, making it ideal for touring productions- contact our Circus Venue Director to discuss bringing your show here.

**Venue for hire:** A converted Victorian church, the centre is a unique and inspiring venue for filming, photo shoots, events, away days and other occasions. Available for hire by the hour, day or week, all proceeds go back into the running of the centre.

**If you are interested in using our lovely facilities, contact Charlotte on 0114 2448828.**

**Circus North** - Greentop's 3 year programme aiming to transform circus as an artform in the North.

Circus North projects:

**Hot House** - the new creation space & act development project

**Transform** - our acclaimed programme of artist development masterclasses

**Greentop** is the principal centre for circus arts education in the North of England. We exist to use human circus skills to transform lives and bring about positive social and individual change. An arts education charity, one of the UK's few full time Circus Schools, we operate as a social enterprise - all the income we earn is reinvested into supporting our charitable objectives.

Greentop's vision is of: **"A thriving circus arts sector in the North of England, where circus is an artform that touches everyone in the North, transforming lives and inspiring positive social and individual change"**

Our Mission is **"To use contemporary circus skills to enhance people's lives and inspire positive change"**
